

# Warm-Weather Inspiration

Photo by Anna Blatnick

**N**ature finally calls us back outdoors as we enjoy backyard barbecues, bonfires and sporting events. Inspired by our warm-weather freedom, we also seek new ways to spend time with ourselves – getting to know a new park, cultivating a garden, walking for fitness or *doing something a little more adventurous like borrowing a kayak and exploring the banks of East Branch Reservoir at Headwaters Park.*

Warm rays naturally awaken our spirits and enrich our lives. Enjoy them more by visiting your Geauga Park District.
